WEBSITE :

www.vanwestkoeltechniek.nl

Read, see and experience our products. Briefly and to the point, without having to read through a whole book. Of course, we would be happy to tell you in detail about our company and what we can do for you, but we prefer to do this personally. If you have any questions about the brochure, please feel free to contact us without any obligation.

I hope to speak to you soon.
Warm regards,
Luke Blauw, on behalf of
Van West Koeltechniek bv

WHAT **PRODUCTS AND SERVICES** CAN I USE VAN WEST KOELTECHNIEK BV FOR?

Are you looking for a cooling system, for whatever application? Then you have come to the right place at Van West Koeltechniek BV. We design and produce a wide variety of coolers. From all kinds of air coolers to various types of liquid coolers, including drinking water coolers. The coolers are either self-contained or part of a larger installation.

“WE DEVELOP AND ASSEMBLE
EXACTLY ACCORDING TO YOUR
WISHES AND NEEDS.
TRULY CUSTOM-MADE!”

OUR SPECIALISATION IS THE SERIES PRODUCTION OF COOLERS UP TO APPROXIMATELY 3KW. WE CAN DESIGN AND PRODUCE THE RIGHT COOLER FOR VIRTUALLY ANY APPLICATION.

WHO ARE ON THE **TEAM** AT VAN WEST KOELTECHNIEK BV?

Van West Koeltechniek employs a relatively small team of experienced specialists. This allows us to act quickly and the customer is helped the best way possible. By working according to LEAN principles, we work very efficiently. We specialise in serial production. A good, reliable and long-term relationship with our customers is very important to us: honest, transparent and personal. As a result, many of our customers have been with us for decades.

WHAT **GUARANTEES** DO I HAVE WHEN WORKING WITH VAN WEST KOELTECHNIEK BV?

Of course, you have wishes and expectations from a supplier. We proudly list our guarantees or core values for you. Those core values and our customer focus enable us to build a good and lasting relationship.

Quality and durability of our products are paramount. Quality, and thus a long service life, ensure that our customers are very satisfied. In addition, products that require little maintenance are better for the environment. Our chillers are made of high-quality components that are easy to recycle.

Communication at all stages of cooperation is essential for a good and lasting relationship. From initial contact to after-sales and in exceptional situations. We are always open to questions and suggestions. We look closely at the situation, listen carefully to your wishes and provide the solution that best suits them. Even if it is not directly in our own interests, for example in the case of an alternative solution instead of refrigeration.

Reliability is strongly linked to quality and communication. Customers expect this from us and for a good and lasting cooperation, we work on mutual trust. You always get the honest story from us. Even if it is not the story you want to hear. So you always know exactly what to expect, even in the event of any setbacks. And we will do our utmost for you in that case, too!

“DON'T HESITATE AND LET US KNOW
WHAT YOU ARE LOOKING FOR.
WE'RE SURE THAT
WE CAN HELP YOU!

Service is excellent in our well-equipped workshop. All employees within Van West Koeltechniek are extremely service-oriented. Your satisfaction comes first. Naturally, we guarantee products of excellent quality. And when they do eventually need servicing, our team is there to help.

Innovation is a constant factor in our company. Time never stands still and we know that all too well at Van West Koeltechniek. We continuously keep up with changing customer requirements, legislation and related applications. We are also always working internally on improvements, so that we can add as much value as possible to the product for our customer. We always think along with new developments and are open to all your wishes. This is how we grow to a higher level together.

I hope this brochure has given you a good impression of our wonderful company Van West Koeltechniek BV and that, like us, you can't wait to enter into a good and lasting relationship!

Want to make sure we are the right party? No problem! In a no-obligation, personal meeting, we would be happy to discuss your needs and/or the problems you are looking for a solution for.

Thank you again for your interest in our company and hopefully we will speak soon!

On behalf of the entire team Van West Koeltechniek BV
